# VERTIKAL DAYS IS BACK!

Vertikal Days returns to the East of England Showground, Peterborough on Wednesday 11th and Thursday 12th May - moving back to its more traditional time of the year following the disruption to the past two shows due to the pandemic. Although just eight months since the last show, exhibitors both new and old have turned out in force, many with new model launches making their UK, European or worldwide debuts.

The successful event last September - which attracted more visitors and exhibitors than ever before - was held for the very first time at the new Peterborough venue which proved a popular venue appreciated by both visitors and exhibitors. This year the more than 200 manufacturers or service suppliers are represented, making it one of the most diverse collections of powered access and lifting equipment in the world.

This year's event looks set to attract visitors from both specialist and major contractors, along with utility companies, local authorities and all manner of end users, many of whom have already registered to attend. On top of this will be hundreds of specialist and general rental companies.

## THE ALL-INCLUSIVE SPECIALIST EVENT

Vertikal Days is a specialist event for those who use or work with working at height and lifting equipment - mostly cranes, aerial work platforms and telescopic handlers - attracting interested and motivated visitors along with plenty of industry 'movers & shakers'. It is the quality and relevance rather than quantity of visitors and the relaxed atmosphere that makes this event one not to miss.

As in previous shows, everything during the event is complementary for visitors including admission, car parking, various refreshments throughout the day and a decent lunch.

## THE MARKETPLACE - WORTH A VISIT IN ITS OWN RIGHT

Back in the centre of the showground is the Marketplace. It is not only home to the indoor booths but also the pavilion café and an ideal location to meet up and discuss business. This year the exhibitors located in the Marketplace represent a wider range of equipment and services than ever before - if you use, run or are responsible for any lifting equipment, a visit to the Marketplace is worth your time - regardless of all the equipment lined up outside - and includes everything from software suppliers, to overload systems, advanced load orientation systems, training companies and battery suppliers.

## LUNCH - MAKE A MEAL OF IT

When its time for lunch the Catering Pavilion is located at the top of the showground and serves food from 12.30 to 14.30 each day. It is the perfect place for exhibitors and visitors to 'network' over a meal. The catering includes the free-range hog roast, a barbecue and a range of vegetarian alternatives. For those on a tight schedule there is also a fresh sandwich bar.

With so much to see and so many people to meet, you really need to consider making it a two day visit.

## NETWORKING EVENT

The Networking evening event (ticket required) is also held at the Catering Pavilion and immediate outside area and takes place on the Wednesday

## Lunch Menu

Slow roasted hog  
Quorn pulled pork (v)  
Sage and onion stuffing  
Homemade apple sauce  
Crisp country salad (v)  
Luxury deli style coleslaw (v)  
Rustic new potato salad (v)  
Spierings' artisan cheese board  
**Plus**  
Barbeque - Burgers & Sausages  
Sandwich station  
Refreshments

evening with drinks and canapés served from 18.30, followed by an oriental - and other - buffet and bar. It is a time for exhibitors and guests to catch up, discuss the day's events with good music, food and drink.

## HOTELS

Hotel rooms within a five mile radius are plentiful and a complementary shuttle bus service runs to and from the local hotels before and after the Networking event for those staying for the evening. With so much to see and so many people to meet, you really need to consider making it a two day visit. So without further ado, the following guide provides a round-up of every brand product that is represented, along with what they will have on display.

## SHOW INFORMATION

**Venue:** East of England Arena and Events Centre, Peterborough, PE2 6XE, UK

**Show times and dates:**

Wednesday 11th May 10:00 to 17.30

Thursday 12th May 10:00 to 16.00

**How to register**

- Pre-register: [www.vertikaldays.net/](http://www.vertikaldays.net/) visitor and print visitor badge

## A BIG THANK YOU TO OUR EVENT SPONSORS:

# ACCESS EQUIPMENT AND TELEHANDLERS

**Access Platform Sales (APS):** Stand 400/500

APS will show a wide range of equipment including LGMG boom and scissor lifts along with Hinowa spider lifts, including the 22 metre Hinowa TC22 Bi-energy model and a range of new LGMG Lithium battery powered platforms, including the 66ft T20J telescopic and 46ft A14JE articulated boom. The company will also use the event to unveil the 10 metre LGMG M0810JE lithium powered mast boom. The recently launched BoSS PA Lift push around scissor lift will be on display, along with a selection of Wienold high capacity material lifts.

**AJ Access:** Stand 102

See: Zoomlion

**Alfa Access Services:** Stand 403/405

Alfa Access Services - the UK and Ireland sales,

service and parts partners for Teupen, ELS Lift, Omega Solutions and most recently Mecaplus - will have a busy stand. Alfa Electric Utility Vehicles - the UK and Ireland distributor for Pilotcar - will have the P-1000 and PC-2 Lifted electric utility vehicles. Omega Solutions will debut the 408 TS self-levelling tracked scissor lift and ELS will display four all-new scissor lifts - the EL19, EL 8SE, EL12 SE slab electrics and EL 12 RTE electric Rough Terrain model, amongst others. Teupen spider lifts will include the 21 metre Leo 21 GT and 30 metre Leo 30T Plus, sadly the new 50ft Mecaplus E-SL 17.2 no-oil articulated boom, which is currently undergoing trials, will not be at the show, but visit the stand for a chat about the machine - the Alfa team has all the details. Alfa Access also offers LOLER inspections and parts and service for all

types of powered access platforms across the UK.

**Almac/AlmaCrawler:** Stand 503/505

See: CPL

**Alimak Group UK:** Stand 605

Alimak will showcase the Scando 650 and Scando 650 XL construction hoists, TPL 1000 transport platform and the new STS 300 scaffold transportation system. The Alimak TPL 1000 personnel and material transport platform is suitable for all buildings and scaffolds. The new Alimak STS 300 Scaffold Transportation System is available exclusively through PERI. Designed for use with the PERI UP scaffolding system, a crew of two people can install up to 300 square metres of scaffold per day.

# KLUBB

WE DESIGN YOU RISE

KLUBB, the vehicles mounted lift manufacturer **market leader** in Europe, offers a **full range** of conversions designed for users down to the smallest technical detail:

- Light and heavy van mounts from 9 to 17m
- Chassis mounted lifts from 12 to 20m
- Heavy truck platforms from 18 to 35m
- Firefighting platforms and insulated boom lifts up to 67m

We are able to offer customers **high performance**, cost-efficient aerial platforms that deliver new advances in performance, safety and total cost of ownership.

# KLUBB

We are building an extensive network of **KLUBB dealers** who all offer **outstanding levels of service**.

**Bluelift:** Stand105/106

See: Snorkel UK

**Böcker UK:** Stand 107

The company's hoist range will be represented by the Super-lift MX 2024 rack and pinion transport platform.

Super-lift MX 2024

**BoSS:** Stand 400/500

See: Access Platform Sales

**Bravi Platforms:** Stand 401

Bravi Platforms will display its latest 4.9 metre Leonardo HD vertical mast lift with dual roll out deck extensions and a 180kg unrestricted platform capacity. The overall weight is 560kg and gradeability 35 percent. Options include telematics configuration with full Canbus connectivity, oil leak protection system and the fully electric drywall lifter attachment Solo-Gyps.

Bravi Leo IPAF

**Bravisol:** Stand 401

See: Bravi Platforms

**Bronto Skylift:** Stand 607

The combination of the 35 metre Bronto S35EM and the Scania L320 low level cab is a first and according to the manufacturer it makes the

www.matilsa.es  
matilsa@matilsa.es

ideal truck mounted platform for working safely in congested city centres, while being quick and easy to deploy on site. The S35EM has an outreach of 29 metres, a maximum platform capacity of 500kg and features the latest Bronto+ control system along with the 'City Safe Window' which improves the chance of detecting children, pedestrians and cyclists while travelling on the road thanks to a suite of the latest cameras and technology that alert the driver to any potential hazards.

**CMC UK:** Stand 316

Spider platform manufacturer CMC will have the new 13 metre and 18 metre all hydraulic machines on its stand, both of which feature Kubota engines, radio controls and auto levelling features. Also on display will be the compact 15 metre S15, the heavy duty S22HD designed for working in extreme environments and the S23 which claims the largest overall working envelope of any road towable spider lift. Pop onto the stand for a chat about the machine's features and benefits.

Scania L320

**CLM Construction Supplies:** Stand 603

CLM will show three Maber rack and pinion hoists - the MB 500, MB C1000 and MB C2000. The MB 500 is available in a single phase version with a 300kg capacity or 500kg with the three phase version. The MB C1000 has a 1,000kg capacity and lift speeds of 12 and 24 m/min and the MB C2000 has a 1,500kg capacity and a maximum anchored height of 150 metres. Largest hoist capacity is two tonnes.

MB C1000

**COMET UK:** Stand 408

See: *Hydraulic Platform Services*

**Cormidi:** Stand 206/311

See: *GGR*

**CPL:** Stand 503/505

CPL plans to show a wide selection from its growing line up of aerial lifts, including several

Almac JIBBI 1250 EVO

Klubb van and pick-up mounted platforms. Its Palfinger Platforms range will include a 30 metre P300, 22 metre P220 and 25 metre P250. Also on show will be AlmaCrawler tracked scissors and booms.

**CTE UK:** Stand 101

CTE UK will show two new models including the ultra-narrow Zed20.4HN - the latest 20m CTE platform on a 3.5t GVW chassis with outriggers deployed within the width of the vehicle. The CTE Traccess 270 makes its UK debut and features a wireless remote and the IAPA 2022 award-winning S3 EVO management system onboard diagnostics. It also has the 'coming home' feature and multi-position outriggers providing 14 metres of outreach.

CTE Traccess 270

**Dingli UK:** Stand 602

China's leading aerial lift manufacturer will show a selection from its growing product range, including booms, scissors, mast lifts and mast booms, including the 30 metre BT30ERT Lithium powered telescopic boom lift and the all new fully electric - 'No hydraulic Oil' - scissor lift range, represented by the 6.7 metre AMWP7-8100 mast lift. This will be the first opportunity anywhere to see and test these new models in the iron so make sure you do not miss out. Other products on show include the Dingli AC direct electric drive slab scissor lifts.

Dingli JCPT 2223DC

Vertikal Days

# HIGH LIGHT

## The new Truck Crane AK 42

Rapid working speed and innovative boom geometry

Thanks to its boom profile made of high-strength fine-grained steel the new AK 42 truck crane scores with best lateral stability for heavy loads. With a powerful hydraulic system it works faster than ever, is quickly ready for use and several crane functions can be controlled simultaneously at a constantly high speed. The newly developed telescopic boom

system with 14-m hydraulic jib enables an unprecedented boom geometry, 90° upright positioning of the main boom, 180° straightening of the jib and tower crane function open up new possibilities on the construction site.

**France Elevateur:** Stand 103

France Elevateur is making its Vertikal Days debut with three machines, the first time that the company has exhibited in the UK. They include the popular 12 metre 121 FT van mount with 120kg platform capacity, the 13.4 metre, 200kg capacity 132 F and the 11 metre Ford Transit mounted TOPY 11 a compact urban platform are all worth a closer look.

**Geda:** Stand 502

See: *Mace Industries*

**Genie:** Stand 207/208 and 313

See: *Workplatform and Hitec Lift Trucks*

**GSR:** Stand 600

GSR will show several of its 'PX' articulated truck mounted platforms including the 20 metre B200PX, 24 metre B240PX and the 22 metre B220PXE with end mounted platform offering 120kg capacity at an outreach of 11.25 metres. It will also show the 21 metre B210PXJ with articulating jib. Mounted on a 3.5 tonne Mercedes Sprinter it has a 250kg platform capacity, 10 metres of unrestricted outreach and 450 degrees of slew. The jib is also available now on the 22 metre B220TJ telescopic.

**Hinowa:** Stand 400/500

See: *Access Platform Sales (APS)*

**Hydraulic Platform Services:** Stand 408

Hydraulic Platform Services is now the official Comet dealer for the UK and will launch the new XSPEAR - a fully hydraulic van mounted platform - as well as showing the X14 pick up mounted platform and several van mounted lifts, including the 20 2 10 HQ and the 21 2 9 HQ. Hydraulic

France Elevateur TOPY 11

GSR B200PX

Platform Services also provides a full engineering support for the products.

**Imer:** Stand 301/302

Imer will have various models on display including mini and electric scissors and spider lifts. The 10ft self-propelled Easy Up 5 SP mini scissor which weighs just 500kg and offers a 200kg platform capacity for both indoor and outdoor use. Two other electric scissor lifts will be on the stand - the 9.2 metre working height/200kg capacity IM 7380 and the 12 metre/300kg IM 10090. Maximum capacity is available on both the platform and the extension. Two spider lifts will be on display, the 15 metre/230kg IM R 15 DA articulated model with dual riser and jib, plus the 23 metre/230kg IM R 23 DA.

Easy Up 5 SP

**Independent Access Sales:** Stand 209

Independent Access Sales (IA Sales) - the Easy Lift spider platform distributor for England - will show several Easy Lift models including the 15 metre RA15, the 18 metre RA180 and the 31 metre RA31.

Easy Lift RA15

THE SPECIALIFT

[www.cmclift.com](http://www.cmclift.com)

platforms, both in the UK and worldwide. The company is also supporting The Lighthouse Club's 'Help inside the Hard Hat' campaign and you can bid for a fully refurbished 26ft Genie GS2632 scissor lift, which will be on the stand - all proceeds from the sale will be donated to the charity's campaign to tackle poor mental health within the construction and related industries.

Don't miss the all new Metal and Modular Navigator 6, a true zero emissions 13ft platform height/six metre working height push-around scissor lift, totally mechanically operated platform - no electrics or hydraulics - which the company is distributing in the UK and Ireland.

**IPAF:** Stand 619

The display on the IPAF stand will be themed around IPAF's latest safety campaign, 'Don't Fall For It!' which highlights common causes for falls from the platform and how to avoid them. Up to five IPAF members' machines will be displayed. Also on the stand will be the No Falls Foundation - a charity dedicated to preventing falls from height and helping people affected by the consequences of a fall.

**JCB:** Stand 406/506

JCB will have a packed stand including the

recently launched 525-60E 2,500kg, six metre all-electric telehandler, delivering the same performance as conventional diesel powered machines but with zero emissions and a significant reduction in noise levels. Also on show will be the 555-210R 360 degree telehandler with a 20.5 metre lift height, 5.5 tonnes lift capacity, rapid set-up time and all-round visibility improving site safety. JCB Access will show electric scissor lifts with platform heights from 15ft to 45ft. The two smallest models - S1530E and S1930E - have 1.64 metre by 760mm platforms. The 45ft S4550E provides a working height of 15.8 metres.

**Klass:** Stand 515

**Sinoboom:** Stand 507

Sinoboom, together with its UK partner Pinnacle Platforms will show several new models from its rapidly growing range of fully electric scissor and boom lifts, along with a new mast boom. Three models making their European debut include the 66ft TB20EJ Plus battery powered straight telescopic, the 40ft 4069RE compact electric Rough Terrain scissor lift and the 60ft all electric AB18EJ articulated boom. Also on show will be the new 10 metre ML10EJ mast boom, while the compact scissor lift range will be represented by the 19ft 1932 ME and 13ft 1330 SE.

**Skyjack:** Stand 100

Vertical Days will be the first opportunity for Skyjack to show off its the full line up of new Skyjack next generation mast type lifts, high capacity articulated boom lifts and new scissor lifts.

The new direct AC electric drive 12 and 16ft SJ12 E/16 E mast type lifts offer working heights 5.6 and 6.8 metres respectively. The new drive system is said to provide up to 30 percent duty cycle improvements, smoother operation and consistent torque, with a 70 percent reduction in hydraulic hose connections. The SJ12E and SJ16E are among the first Skyjack products to feature the company's ECO label offering a 15 percent operational carbon saving compared to previous models.

*The new AC electric drive SJ16E*

**Snorkel UK:** Stand 105/106

Snorkel will highlight several models from its growing range of lithium ion battery powered aerial lifts, both booms, scissor lifts and the lithium Speed Level. In addition, it will display it's all-electric 2,500kg/six metre SR626E telehandler. Sadly, the all new 210ft 2100SJ straight boom lift will not make it to the show this year. Snorkel UK is also a Bluelift-Ruthmann dealer for the UK.

**Socage:** Stand 204

Italian aerial lift manufacturer Socage continues to upgrade its range of truck mounted platforms with the addition of its Speed automatic levelling system. Two models showcasing this technology will include its 19.3 metre/230kg capacity nine metre outreach articulated forSte 20D Speed and the 19.7 metre/230kg capacity 12 metre outreach telescopic 20TJ Speed with jib. Both models will be mounted on 3.5 tonne Iveco Daily chassis.

**Teupen:** Stand 403/405

See: Alfa Access Services

**Torgar and XL Industries:** Stand 514

Having won the IPAF IAPA innovation product of the year award with its PL-20 EXT 2V Modular Transport Platform, Torgar is unveiling two UK debuts - the T3-25 modular goods hoist and the versatile PL-05 Transport Platform.

*Torgar T3-25*

**Versalift UK:** Stand 410/412

The Versalift stand will host two market leading brands Versalift and Ruthmann, the company taking over Ruthmann distribution for the UK and Ireland in April following the acquisition of Ruthmann last year. The Versalift range will be represented by the new 13.5 metre VTA-135 pick-up mounted lift. The Ruthmann truck mounted line up will be represented by the 33 metre T 330 XS, the 23 metre Ecoline 230 truck-mounted platform with 17 metres of outreach.

**Workplatform:** Stand 207/208

Genie's UK dealer Workplatform will show two of its latest direct electric drive micro scissor lifts -

*Genie GS-1932m*

the 14ft GS-1432m and the 19ft GS-1932m with working heights of 7.55 metres. Also on show will be the 32ft GS-3232, 40ft GS-4046 and 46ft GS-4655 E-Drive models featuring Genie's new direct AC electric drive motors. A number of Superlift Advantage SLA material lifts will also be on the stand as well as a fully equipped mobile service engineer van. When on the stand ask about the company's plans to launch a new articulating boom lift.

# BIGGER. BOLDER. BETTER.

The XCMG XGS28E

Zoomlion ZA45J

**XCMG:** Stand 202/203

XCMG Aerial Work platforms is making its Vertikal Days debut and will show a range of scissor and boom lifts which extend up to 185ft with a working height of 58 metres. The company says that it will use the show to unveil several new models. Making their first appearance in the UK will be the 86ft XGS28E and 66ft XGS22E booms

as well as the new range of electric slab scissors with working heights from six to 16 metres.

**XL Industries:** Stand 514

See: Torgar & XL Industries

**Zoomlion:** Stand 102

Another new exhibitor Zoomlion Access will

display 12 aerial work platforms and include the launch of several brand new all-electric boom lifts such as the 88ft ZT26JE telescopic boom lift, alongside the 32ft ZA10RJE and ZA20JE electric articulated booms. Several slab electric scissor lifts from 15ft to 45ft will also be making their debut as well as the 53ft ZS1623RT Rough Terrain and the 20ft ZS0610C track mounted scissor lift. All the electric scissor lifts on display will include the manufacturer's latest electric E-Drive system.

# CRANES

Marchetti CW25.35

**AGD Equipment:** Stand 213/214

AGD offers telescopic crawler cranes from both Sennebogen and Marchetti, but its main exhibit will be the global launch of the new all electric and hybrid versions of its 25 tonne Sherpina telecrawlers. Also making its UK debut will be a 40 tonne truck mounted crane from Marchetti. The company will also have displays representing its piling rigs and equipment as well as its service and breakdown support including its new paint shop.

**509**

**The Artic Raptor 85**

**City Lifting:** Stand 611

UK crane sales and rental company City Lifting is hoping to exhibit the latest version of the five tonne Raptor 85 articulated tower crane from Artic Cranes. Offering a tiny 3.9 metre out of service radius, features include high working speeds and low energy consumption. The company is also the UK distributor for Comansa tower cranes and hopes to exhibit one of the latest developments from the Spanish manufacturer.

**Comansa:** Stand 611

**Kobelco:** Stand 112

Kobelco Construction Machinery Europe Cranes Division (UK) will show its latest 100 tonne capacity, Stage V/Tier 5 compliant CKE900G-3 lattice boom crawler crane, painted in Q Crane Hire's colours prior to delivery after the show. Visitors will also be able to access information regarding Kobelco's Used Cranes Service which connects buyers and sellers of used crawler cranes, while members from its sales, service and spare parts departments will be on hand to discuss any requirements and technical queries.

**Kranlyft:** Stand 515

Kranlyft will display a six tonne capacity Klaas K950RHX with maximum working radius of 36 metres with 500kg and 28 metres with 1,000kg. Hybrid power for the crane operation is standard. Also on the stand will be the Maeda CC423 and CC985 mini crawler cranes. All Maeda's from the CC range are delivered with EU Stage V compliant engines. The Maeda MC305CB-3 battery crane will also be on the stand, the crane is capable of operating for full working day on a fully charged battery pack and can be re-charged while operating operation. The charging time with a 200+ volt AC outlet is three hours to 80 percent or four and a half hours to reach 100 percent.

# MORE FLEXIBILITY WITH eDRIVE

With the intelligent eDRIVE system, absolute flexibility in operating a loader crane is ensured: Via the Li-ion battery pack, a power grid or via the integrated generator which operates from the vehicle engine, and regenerates the Li-ion battery pack.

**LIFETIME EXCELLENCE**

[PALFINGER.COM](http://PALFINGER.COM)

**Liebherr**  
**LTM1150-5.3**

**Liebherr GB:** Stand 615/618

With the largest stand at the show, Liebherr will display a wide selection of cranes including its latest All Terrains such as the all new 150 tonne, five axle LTM 1150-5.3. Mobile self-erecting tower cranes will be represented by the MK140, while the lattice crawler crane on show will be the 110 tonne LR 1110, which can be ordered with electric power. The stand will also include the company's most recent technology and innovations including digitalisation and the latest telematics available on all new mobile cranes.

**Maeda:** Stand 515

See: Kranlyft

**Manitowoc Cranes:** Stand 110/111

Manitowoc plans to show the five axle Grove GMK5250XL-1 All Terrain crane. The 250 tonner was launched at bauma 2019 and is already popular in the UK with several already working in a number of rental fleets. Its 78.5 metre main boom claims to be the longest main boom of any five axle All Terrain, while offering a relatively compact footprint and good manoeuvrability, making it a good machine for congested sites. Also on the stand will be a Potain self-erecting tower crane from Ladybird Crane Hire.

## ALIMAK TRANSPORT PLATFORMS

Alimak Transport Platforms are the ideal solution to move passengers and heavy, bulky items, such as pallets, prefabricated loads and materials. Suitable for installation both externally and internally, they offer true flexibility.

They can also be used in a dual configuration with Alimak's Scando Construction Hoist range, minimising the ground space required when sharing common mast towers.

Palfinger PCC 115.002

**Palfinger UK:** Stand 304/305

UK distributor Palfinger UK not only sells and supports the Palfinger loader crane line, but also installs them and custom bodies on customer chassis for all manner of lifting applications. The company will use Vertical Days to launch its new crawler mounted PCC 115.002 in the UK which can lift up to 30 tonnes and has a maximum reach of 23.1 metres. Features include the ability to travel on gradients up to 60 percent with a high degree of self-levelling ability. It can pick & carry loads in crawler mode and can tow a trailer of up to 10

tonnes. If needed it can be run solely on electric power for work in low emission zones or indoor settings. This is a must-see machine.

Power up your high reach equipment with lithium technology. Snorkel is one of the only manufacturers to carry a full range of lithium-ion battery-powered aerial lifts and telehandlers with 4WD. The clean and quiet diesel alternative delivers zero emissions with zero battery maintenance. Highly efficient batteries offer long duty cycles between charges for lasting performance.

**Kato CR-200Rf**

**Spierings SK597-AT4 eLift**

**Tadano Range**

**Rivertek:** 211/312

As the European distributor of Kato, Rivertek will showcase several cranes including the latest 20 tonne CR-200Rf City type All Terrain sold to County Lifting. Other products are likely to include the 13 tonne CR-130Rf and 25 tonne CR-250Rv City-type cranes. Both cranes feature a hydraulic luffing jib, a searcher hook and two winches as standard.

**Sany:** Stand 511/512

See: Foster Cranes

**Sennebogen:** 213/214

See: AGD Equipment

**Shuttlelift:** Stand 110/111

See: Manitowoc

**Spierings:** Stand 109

Spierings - pioneers of the mobile self-erecting tower crane concept - continues with its all electric models such as the City Boy and now the electric powered six axle SK1265-AT6 eLift which will be on the stand. The zero emission eLift system has two operating modes - electric and hybrid - which can operate from power sources as low as 11 amps up to a full 32 amp outlet.

**Sunward:** Stand 206/311

See: GGR

**Tadano UK:** Stand 113-115

Following the full merger of its Demag and Tadano crane operations, Tadano has rationalised its product line with all-new nomenclature and added several new models such as the all new two axle, 40 tonne AC 2.040-1 making its global show debut. With a further 15 new models in the pipeline there is likely to be plenty to see on the stand, including the 60 tonne three axle AC 3.060-1, the 450 tonne seven axle AC 7.450 and the 80 tonne GTC 800 telescopic crawler. This may also be the opportunity to see the company's e-Pack remote electric power pack.

**Unic:** Stand 216/311

See: GGR

**Valla:** Stand 511/512

See: Foster Cranes

**Watson & Hillhouse/PV-E Crane** MP38/40

Watson & Hillhouse - the recently appointed exclusive UK and Ireland dealer for PV-E Crane - will use the show to launch its new, fully electric, battery powered crawler cranes. The

**PV-E Crane**

zero emission cranes can run for a full eight hour shift before requiring a re-charge. Batteries are removable and can be re-charged off site if on site charging facilities are not available. The company will offer both lattice and telescopic boomed models from 80 to 160 tonnes capacity for the lattice and 70-120 tonnes for the telescopic.

**Weinold:** Stand 400/500

See: Access Plant Sales

**Wolffkran:** Stand 608/609

Tower crane manufacturer Wolffkran will show its popular Wolff 133 B hydraulic luffing jib crane and its new six by six metre TV 60 tower section for freestanding tower heights with the Wolff 1250B of more than 100 metres. The fully functional 1250 B model will also be on the stand for the next round of the Lifting Lounge Challenge with the first place prize a trip to bauma 2022 including one night's accommodation. Wolff Onsite will be able to advise on a full range of lifting and accessory requirements from initial site planning, set up, logistics and training.

**Wolff 133B**

OTHER EQUIPMENT

Aberdeen Web

In addition to the displays of new machines, this year's event includes a myriad of suppliers showing off the latest in technology, attachments, ancillary products and a wide range of services. For equipment users, specifiers and owners this part of the show can be the most productive.

**Aberdeen Web:** Stand MP17

Since 1992 Aberdeen Web has manufactured soft lifting slings made from polyester webbing or yarn along with ratchet systems. It is also the North East's largest webbing sling and Scotland's only round sling manufacture as well as making complete ratchet systems. The company will exhibit one of its massive 250 tonne heavy lift round slings as well as some HMPE round slings.

**Ainscough Training Services:** Stand MP36

Ainscough Training is one of the UK's largest independent, specialist training providers. It delivers a wide range of CPCS, non CPCS and bespoke courses and NVQs. Covering categories such as the Appointed Person, Crane Supervisor, Slinger Signaller & Mobile Crane, it allows employers to ensure the workforce is up to-date with all relevant legislation and codes of practice. Its NVQ portfolio also has additional categories for the Telehandler, Crawler Crane & Compact Crane. Training is delivered at its dedicated training facilities in the North West and Central London or on site.

CP Construction Plant  
CS Competence Scheme

**Alimats:** Stand 216

See: *Brilliant Ideas*

**Alliance Automotive:** Stand MP23

See: *Platinum International*

**AMCS Technologies UK:** Stand MP12/MP13

French safety device manufacturer AMCS technologies produces anti-collision and zoning products for lifting equipment. This year it will show the DCS 61-S anti-collision system for both tower and mobile cranes when working together on the same site. The company also offers a new generation of complementary products including Supervisor Sup 61, IoT Lifting Web and APP - anti-collision systems for mobile and crawler cranes, windspeed indicators, day and night aviation lights and cameras.

**Battery Service Hub:** Stand MP7

With the continuing crisis in the supply of flat plate monoblocs from North America, Battery Service Hub provides a solution with its range of Pegasus tubular monobloc batteries. Visit the stand to discuss availability as well as the ability to deliver 1200 cycles to 80 percent DOD - as opposed to 700 cycles - resulting in a much lower cost per cycle.

**BigChange:** Stand MP11

BigChange is a Job Management Platform that helps field service businesses take more control

of operations by bringing customer relationship management (CRM), job scheduling, live tracking, field resource management, financial management and business intelligence into one simple to use and easy to integrate platform. BigChange eliminates inefficient paper-based processes and the complexity of multiple different technology systems.

*Big Change*

**Brilliant Ideas:** Stand 216

The company will highlight its Alimats range of interlocking aluminium outrigger mat system. Modules weigh between 25kg and 48kg with sizes from 0.67 to 8.07 square metres, making them handleable for two people. Its new cover mats are used to create a rapid temporary cover over holes on construction sites or industrial environments. It also offers a safety net recovery system, levelling shims and a lightweight Slapp clamp for safely lifting palletised materials - such as bricks - by crane.

**DC Battery Technologies:** Stand MP20

As the master distributor for Trojan Battery in the UK, DCBT supplies the entire Trojan range and will showcase Trojan's Silver Line, Flooded and AGM power products, plus the DC Power 24V Lithium Series 4000 and Series Predator Lithium. From the XDC (Xtra Deep Cycle Tin AGM) range it will also have its 6V power solutions on display. The Predator brand - the DCBT flagship brand for high performance superior batteries - will be introduced to the powered access industry for the first time.

**DC Power:** Stand MP20

**Hitech Lift Trucks:** Stand 313

Material handling solutions provider Hitec supplies the Hyster forklift range and also offers cleaning equipment, specialist warehouse products, access equipment and comprehensive engineer coverage. It is also the official supplier of forklifts to Vertical Days.

**HYTORC:** Stand MP30

HYTORC offers a full line of hydraulic, pneumatic and electric torque and tension tools to make industrial bolting safer and simpler. Latest products include hands free operation to keep operators at a safe distance from the application. Built-in documentation systems provide job accountability and bolt load accuracy reduces nut loosening and joint failure. The company will be demonstrating its latest product launches including the HYTORC Washer systems, Lithium Series II Electric Torque tool, MXT+ Hydraulic Torque wrench and VECTOR pump technology.

**InspHire:** Stand MP22

With its new branding and logo, rental management software provider inspHire will be demonstrating inspHire Office, inspHire Corporate and On Rent. OnRent is a cloud-based solution aimed at small to medium sized businesses allowing users to fully manage their rental sales, service and invoicing while on the go.

**KITO:** Stand MP6

See: Red Rooster Lifting

**Knipex:** Stand MP46/47

See: Xenith Heights

**Lasalign:** Stand 215

First time exhibitor Lasalign specialises in mobile crane wheel alignment. It recommends checks should be carried out regularly and always after the installation of replacement steering parts. Correct wheel alignment ensures optimum fuel efficiency and reduces tyre wear yet is something all too often overlooked in the crane business. With the rising cost of fuel and the ending of rebated red diesel, the benefits of good wheel alignment has never been more important.

**Latch & Batchelor:** Stand MP42

Latch and Batchelor is the UK supplier for Verope premium wire ropes to crane companies, port authorities, mining and construction sites across the UK, Ireland and overseas with rope in stock for same day or next day delivery. Its engineers are certified to fit end stops on mobile cranes either at its Birmingham site or on a customers' site depending on the type of end termination.

**Leoch Battery UK:** Stand 310

Highlight of the Leoch Battery stand will be the new LDC using 'an exclusive technology developed by Leoch Battery'. Leoch says the new product has a long service life and the ability to perform at PSoC (partial state of charge). Also on the stand will be its popular Flooded Flat Plate DT series batteries and Lithium options for those looking for units that are lighter, have the highest depth of discharge and have a longer design life.

**LiftinGear UK:** Stand MP31

See: Safetyliftinggear

**Lifting Gear UK:** Stand MP43

Lifting Gear UK is a global provider of lifting and handling equipment and advice. Its Lifting Projects division specialises in contract lift work, lifting solutions and fabrications, while offering heavy lifting equipment up to several hundred tonnes for sale or rental both in the UK and overseas. With 10 locations across the UK the company provides LOLER, repair and maintenance services as well as a range of training courses.

**Lift-Tex Heavy Lift Slings:** Stand MP45

Extrema is the leading brand of Dutch fibre sling manufacturer Lift-Tex Industrie. The heavy lift Extrema round slings with bio-based Dyneema are used for manufacturing, transportation and

Load Monitoring Systems  
Pad eye tester

MCS Rental Software

installation of big modules, renewables, oil rigs, FPSO's, nuclear lifting projects and the automotive industry. Unlike braided fibre ropes, the construction of an Extreema round sling is based on parallel laid fibre technology making the slings up to a claimed 15 times stronger than steel on a weight for weight basis and a weight reduction up to 80 percent compared to wire rope.

**Load Monitoring Systems:** Stand MP24

Load Monitoring Systems specialises in the design, manufacturing, sales and rental of lifting and load measuring products used throughout the world by the marine, subsea, oil and gas, construction, mining and energy sectors. It will be exhibiting Load Links, Load Pin Shackles and other specialist lifting equipment as well as the new digital Pad eye tester which features an onboard 'Digital display', wireless and Bluetooth connections and adjustable Clevis Height and Digital Mounted Display. Models are available with up to 30Te proof test capability.

**Magnetek:** Stand MP14

Magnetek will display its full line of wireless radio controls for lifting equipment, including the Flex Pro proportional control transmitter, MHR radio controller and Flex VUE transmitter with graphic display. The controllers can be customised for a variety of applications, reducing internal engineering and manufacturing costs, improving time to market and enhancing equipment performance.

**MCS Rental Software:** Stand MP34

Rental software provider MCS will showcase its recently launched Timesheet Mobile app giving users the ability to digitise shift allocation, timesheet creation and submission, and finalise customer invoicing for hours worked. The app helps hirers and operators find a digital solution to inefficient paper based timesheets which proved a common bottleneck in the rental industry. The company will also show its fully integrated resource planning tool, MCS Resource Planner. Built on the latest technology, MCS-rm has additional functionality available for hirers from its integrated CRM software.

**Microsoft Partner (Gold):** Stand MP11

See: *BigChange*

**Modulift UK:** Stand MP25

Modulift UK

Modulift provides technical expertise as well as the manufacture and supply of 'below the hook' lifting equipment including lifting and spreader beams with spreader frames and other custom lifting equipment used in the Renewable Energy, Modular Accommodation, Ports & Marine, Nuclear, Construction and the Oil and Gas sectors.

The company also offers a full in-house engineering service including complete design with latest 3D and FEA analysis, experienced coded welders, testing and complete paint finish line. All Modulift standard products up to 600 tonne capacity are available off the shelf or can be custom designed to meet customers' specific requirements.

Mouvers Apollo

**Mouvers:** Stand MP8

Attending the show for the first time in Mouvers has the UK debut of its modular machinery moving system - Apollo. The strongest version is on show - recently purchased by D.Turner and Son - and consists of a battery power pack plus 25 tonnes FST25 self-propelled skate and the Combo 50 rear skates. Available in several configurations up to a capacity of 75 tonnes the system uses a battery or grid powered power packs. Apollo self-propelled skates can drive on any solid floor and work on gradients using hydraulic motors that power the front skate wheels. Load height is just 150 mm.

**Multi-Sec:** Stand MP4

Manufactured in the UK, Multi-Sec Engineered Lifting Systems include modular spreader beams,

lifting frames, lifting beams, adjustable module lifting frames, container lifting frames, C-hooks & tri-plates. As well as selling and hiring equipment, the company also designs and manufactures bespoke products.

**Myerscough College:** Stand MP1

Myerscough College is one of the largest providers of specialist Land Based Apprenticeships. Visit the stand to chat about its range of Apprenticeships within Construction/ Crane/Lifting/Grounds Care and Agricultural Engineering. Training is delivered on a block release basis at its specialist facility in Preston, Lancashire. It can also provide advice on apprenticeship funding and the apprenticeship levy and how this can aid your organisation with meeting recruitment and workforce development needs.

Multi-Sec spreader beam

**My Future My Choice:** Entrance

Students from local schools will be visiting Vertikal Days to participate in the lifting workshops organised by My Future My Choice, with the support of Liebherr apprentices. The aim of the organisation is to introduce primary and secondary school children to the lifting equipment industry, in order to raise awareness and encourage enthusiasm for the equipment and the benefits of a career in engineering.

**Nolim:** Stand 513

Nolim is one of the largest suppliers of outrigger and road mats in Europe. It will show a range of outrigger mats/pads, outrigger shoes, temporary ground protection/road mats and stowage boxes - all made from lightweight HMPE 500 regenerated plastic.

**Onyx:** Stand MP29

See: GemOne

**Outtriggerpads:** Stand 510 and MP19

See: TVH

**Paragon Bank:** Stand 215A

With more than 35 years' experience in asset finance, Paragon Bank offers UK businesses a range of finance, from one-off sales to comprehensive funding programmes. It also offers the full range of standard hire purchase and leasing products along with regular payment plans, flexible terms and bespoke solutions.

# SAFE WIRELESS CONTROLS

*Universal Remotes for Industrial use*

**Tele Radio UK**

Independently  
certified

Tele Radio produces universal, industrial wireless remote controls with unrivalled precision, responsiveness, and operator ease. We provide sales, support and service all over the UK.

With more than 60 years' experience, our mission is to provide end-to-end product solutions, technologies and services in the field of wireless equipment control and machine communication, where reliability and safety are the key factors.

Independently certified to SIL3, PLd and PLe safety level, with advanced software for easy installation, a high degree of flexibility and adjustable user settings, our systems are safe, smart and strong.

## VERTIKAL DAYS

**Pegasus Batteries:** Stand MP7

See: *Battery Service Hub*

**Petzl:** Stand MP46/47

See: *Xenith Heights*

**Platinum International:** Stand MP23

Platinum International will showcase the Platinum brand of Deep Cycle and Starter Batteries. The company says that it is the preferred choice for OEM manufacturers and offers a full range of both flooded deep cycle as well as Carbon AGM maintenance free batteries. The company also claims to be the UK's leading battery distributor selling more than two million batteries per year.

**Point of Rental Software:** Stand MP9

For nearly 40 years Point of Rental has provided rental and inventory management software solutions for every job role throughout a business, introducing key features to the hire software industry, from dispatching and wireless alerts to telematics integrations. The company serves customers in 80 different countries from offices in the US, UK, Australia, South Africa, Germany and Canada.

**Predator:** Stand MP20

See: *DC Battery Technologies*

**RaycoWylie:** Stand MP21

RaycoWylie provides wired and wireless crane monitoring systems for the retrofit market. It will be showing its i4000 indicator systems, the i4300 wired safe load indicator and the i4500 for more complex retrofit installations. Features include a 4.3 inch full colour screen plus USB connectivity that can be used to transfer calibration files, load charts and software.

*Verton load management systems from Red Rooster Lifting*

**Red Rooster Lifting:** Stand MP6

Red Rooster Lifting delivers versatile lifting solutions with products including air hoists, load measuring equipment, EMCE winches, Kito manual and electric hoists, Kito Van Leusden, Gebuwin winches and Verton load management systems. New is Verton's gyroscopic technology for precise remote load orientation and control eliminating taglines for a 'hands-free' lifting operation. Red Rooster has a vast load measuring product range with capacities up to 500 tonnes covering ATEX and standard load cells, load shackles, compression load cells, crane scales and running line monitors.

**Rolls:** Stand MP5

See: *Ecobat Battery*

**SafetyLiftinGear:** Stand MP31

SafetyLiftinGear is a leading supplier of Height Safety, Materials Handling and Lifting Products. This year it will be displaying its Hammer material lifts as well as its latest harness - the XForce-Ultra Comfort fall protection and rescue harness.

**Sage:** Stand MP11

**UK truck body manufacturer Sterling**

**Sapphire:** Stand MP29

See: *GemOne*

**Shield Batteries:** Stand MP10

UK battery distributor Shield Batteries offers a wide range of batteries for powered access, lifting equipment and telehandlers, while also offering fleet owners an easy to use battery replacement service. It will have a wide range of batteries for powered access equipment on show, along with lifting equipment from Crown, GS Yuasa Pro-Spec and Sterling.

**Sterling Group:** Stand 402

UK truck body manufacturer Sterling claims to be the leading producer of beavertail bodies for transporting aerial work platforms and will show its latest generation of truck/vehicles bodies. This may include a 32 tonne beavertail installed on a Scania 8x2 chassis and a 26 tonne fully electric beavertail giving visitors an insight into what the future of transport might look like.

**Tele Radio UK:** Stand MP39

Tele Radio designs and manufactures customisable remote control systems for the lifting, access, and mobile machinery markets. The company will exhibit a range of standard pushbutton and joystick products designed for typical crane, hoist and mobile applications as well as a range of custom wireless control systems for the proportional hydraulics market.

**Tensology:** Stand MP37

Tensology provides a full range of products, equipment and services for the installation, testing, inspection and lubrication of all types of crane rope. The company will be showcasing its wire rope lubrication and inspection capabilities as well as its LEEA accredited Crane Rope Examiners course.

**TEO:** Stand MP6

See: *Red Rooster Lifting*

**The Crosby Group:** Stand MP4

See: *Multi-Sec*

**Top Service:** Stand MP16

Credit information provider Top Service helps thousands of customers in the construction and rental industries avoid problem payers and reduce bad debt, as well as help collect from challenging debtors. Be sure to stop by and ask its team to demonstrate the company's dynamic credit information, debt prevention and recovery services.

*TeleRadio Panther Tx*

*Tensology MH6-26*

Halo 2000

Torquer: Stand MP15

Load orientation system manufacturer Torquer will demonstrate its recently launched HALO systems which offer lift capacities of five, 10 and 20 tonnes. The system comprises a shallow circular tank of liquid suspended from a crane between the hook and the load.

Radio controlled thrusters then propel the water in a clockwise or anti-clockwise direction providing accurate and precise positioning of the load without the need for tag lines. Another new product being demonstrated is the SPEAR which enables a hands free and purely mechanical method of connecting to, lifting and releasing a load, without the use of magnets or electronic devices.

**Total Source:** Stand 510 and MP19

See: TVH

**Tracked Carriers:** Stand 314

Tracked Carriers will have a selection of its compact crawlers capable of moving loads up to 2,200kg with overall widths from just 600mm. All machines are remotely operated, have the capability to drive up gradients of 45 degrees and are battery powered for emission free use.

1200 PRO

**Trackunit:** Stand MP41

Telematics and fleet management company Trackunit will showcase one of its key products - Trackunit Kin. The Bluetooth tag provides asset tracking for construction equipment and enables construction professionals to increase business efficiency by optimising asset utilisation and making lost tools and attachments a thing of the past.

Trackunit Kin

Trackunit Kin enables all site assets and equipment to be connected and tracked using a single app
