## 4300 RATED CAPACITY INDICATOR/LIMITER

- Continuous display of Load, Hoist, Parts of line, Radius, boom length, boom angle and % of maximum capacity.
- Diagnostic menu and continuous error detection and recording
- Audible and visual alarms
- Operator adjustable limits
- Optional lock-out for load, A2B
- Easy calibration via display
- Quick and easy installation
- USB file transfers
- Multi-language: English, Spanish, French

## i4507 KNUCKLE BOOM SYSTEM

- i4500 series now available for knuckle boom cranes
- Continuous display of critical information
- 4.3", 7" or 10.4" displays available
- CANbus communication
- Operator selectable units
- Wireless remote compatible
- Calibration via display
- Diagnostic menu and continuous error detection and recording
- Audible and visual alarms
- Operator adjustable limits and full range limiting features available
- Multi-language: currently supports ten languages
