RESTART by Haulotte

In response to new consumer patterns geared towards the circular economy, Haulotte has introduced a reconditioning program for the brand's used machinery.

The **RESTART by Haulotte program** is part of an approach that favors more sustainable development: Haulotte's used lifting platforms are returned and then revalued in the RESTART Center, the first "manufacturer" reconditioning center for used lifting platforms in Europe.

Buy your
used lifting
platform
with complete
confidence!

Three packages adapted to your requirements

As a real alternative to buying a new lifting platform, the RESTART by Haulotte program allows you to procure a machine in perfect working order that is available immediately. To free you from constraints and simplify your management, Haulotte has designed three different packages for reconditioned used machinery.

KEEP IT TOGETHER

How to keep it together in every situation? Knowing you can rely on a clear manual at all times.

No need to stress the importance of a clearly legible operating manual, inspection report and CE certificate. These vital documents must be **within easy reach in every situation, secure and weatherproof**. A durable document holder does the trick!
