RESTART by Haulotte

In response to new consumer patterns geared towards the circular economy, Haulotte has introduced a reconditioning program for the brand's used machinery.

The **RESTART by Haulotte program** is part of an approach that favors more sustainable development: Haulotte's used lifting platforms are returned and then revalued in the RESTART Center, the first "manufacturer" reconditioning center for used lifting platforms in Europe.

Buy your
used lifting
platform
with complete
confidence!

Three packages adapted to your requirements

As a real alternative to buying a new lifting platform, the RESTART by Haulotte program allows you to procure a machine in perfect working order that is available immediately. To free you from constraints and simplify your management, Haulotte has designed three different packages for reconditioned used machinery.

FREE ONLINE MARKETPLACE ADVERTISING

We are currently conducting live trials on our new online Marketplace for buying and selling anything involved with cranes, access equipment, telehandlers or lifting equipment.

The Vertikal Marketplace is a very simple format, in which buyers or sellers can upload an advert either using artwork or just plain text and photos.

For the next few weeks anyone can advertise in the Online Marketplace totally free of charge. Attractive 'bolt on' packages will also be available for anyone wishing to add their adverts to the Cranes & Access magazine - both print and digital versions.

If you have something to sell, or are looking for a specific product - just give it a try and please let us know what you think.
