# Prefer a printed copy?

If you are visiting Bauma you can pick up a hard copy of this 68 page guide from the publication bins near the entrances - OR better still stop by our stand in Outdoor Area FM and collect one, while saying hello.

April 7th - 13th 2025

If you are not attending Bauma and want a printed copy, you can order one at [vb@vertikal.net](mailto:vb@vertikal.net). All we ask is enough to cover the post and packing from Germany - £10, €10 or \$20 - payment by credit card only.

## GOING UP IN THE WORLD

**A history of Simon Engineering, the development of the powered access industry and a lifetime as an engineer, by Denis Ashworth**

Ashworth was a keen engineer and from an early age found himself in at the very start of the modern powered access industry.

His book is an unusual combination of autobiography and history of Simon Engineering Dudley, a pioneer of the powered access industry and at one time, the world's largest manufacturer of aerial lifts.

The coffee table sized book, is highly readable and includes around 150 photographs and drawings from the very beginning of the industry. It is a 'must read' for anyone who is interested in powered access, the hydraulic equipment industry or in comparing modern day engineering challenges with those of an entirely different era.

The book is available direct from the publishers at £19.50, plus £4.50 postage and packing.

- Continental Europe €23 plus €6.50 postage & packing
- Rest of world \$31 plus \$10 shipping
